LET'S START USING K24KLIK!

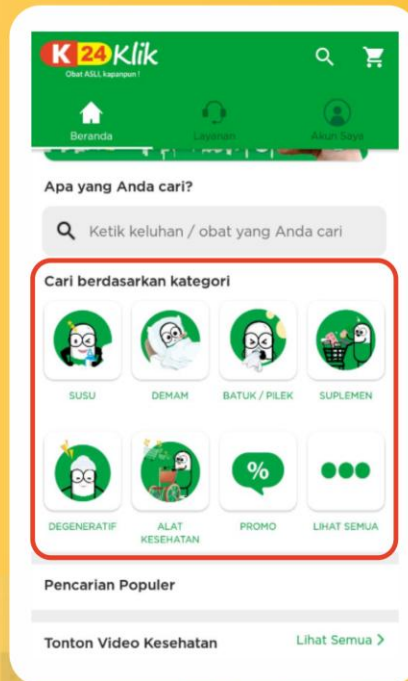

2. Purchasing through a Website or Application

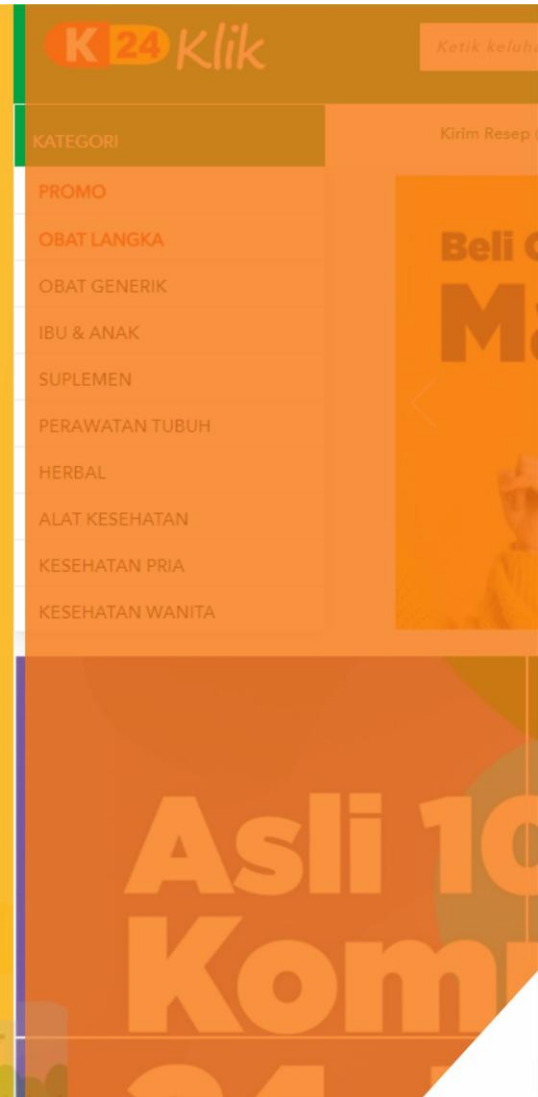

Looking for Medicines or Other Health Products

1. Search by Keyword

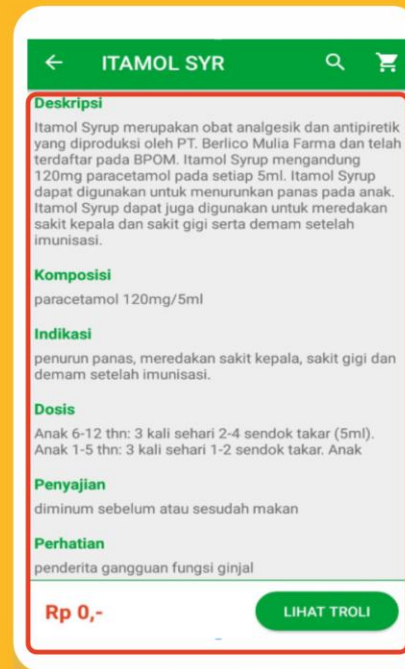

2. Search by Category Menu

3. Select and check medicine information or health products

Product Description

Product Description

4. Adding and Checking Medicines in Shopping Cart / Trolley

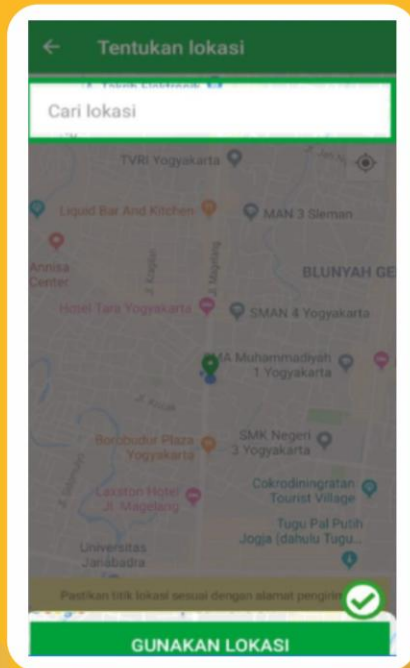

Select the picture (+) then "View Cart"

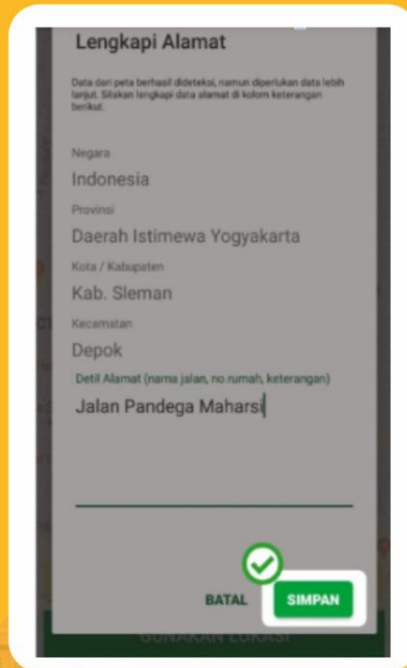

Select "Continue to Pay"

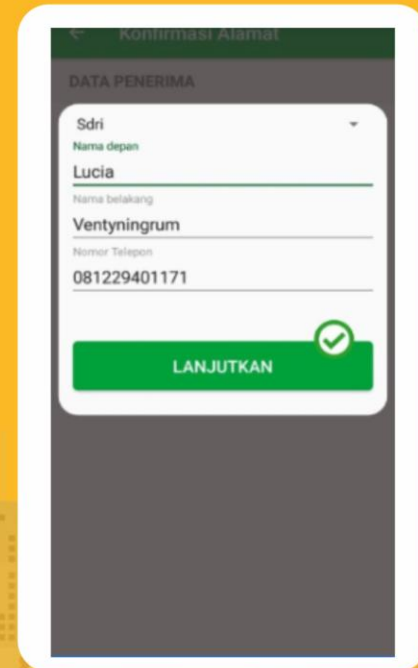

5. Confirming Delivery Address

Determine your location using maps

Complete the address details to be more accurate and click "SAVE"

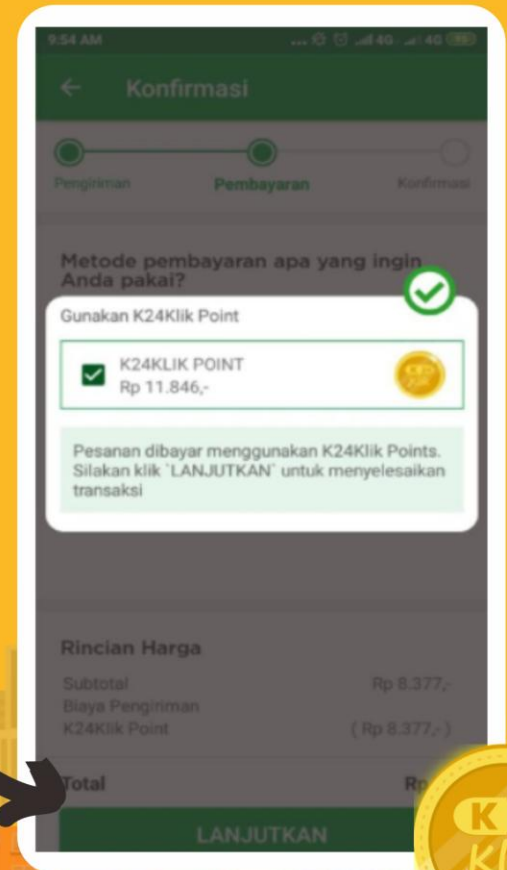

Complete the packet Recipient Data, then click "CONTINUE".

6. Choosing Payment Method

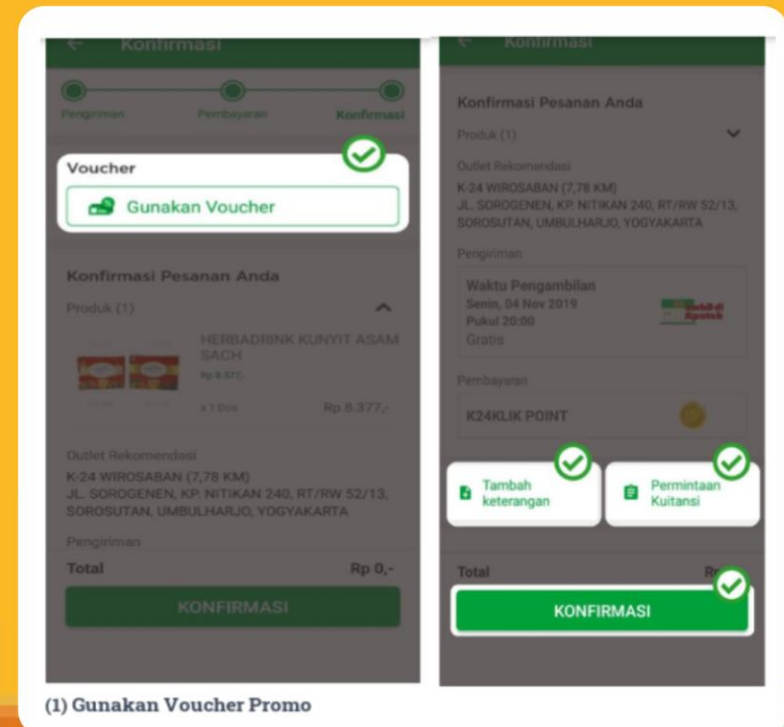

Payment Promo

Currently, Payment Promo option is available for those using Maybank Credit Card to get 20% discount every day (with min purchase of IDR 150.000 and max discount of IDR 50.000). This promotion is valid until Sept,15th 2020.

7. Order Confirmation

After choosing the payment method, you can click "CONTINUE" then the Payment Confirmation page will appear. Please re-check your order information, either on Products, Shipping and Payment so that there is nothing wrong when the order is processed. You can also use a valid Promo Voucher by entering the promo code in the column.

8. Purchase is successfully made

After completing the order check, you can click the "CONTINUE" button, then fill in your credit card data. After that click the process payment button. Congratulations, your purchase was successful! This final page will show the list of information of your order
